## Printer Components

These are the main components of your printer. Note that all illustrations on this User's Guide are from the Phaser 6110N and that some parts may be different from your printer.

Front View

Output Support

Front Cover
(Open to access the toner cartridges and imaging unit.)

Output Tray
(Face down)

Top Cover
(Open to clear paper jams.)

Toner Cartridges

Tray
(150-sheet paper feeder)

Control Panel
(See 1.3.)

Handle
(Use to lift the printer.)

NOTE: The surface of the output tray may become hot if you print a large number of pages at once. Please make sure that you don't touch the surface, and prevent children from approaching it.

Rear View

Rear Cover
(Open to clear paper jams.)

Power Switch

Network Port*

USB Port

Power Receptacle

* Only the Phaser 6110N comes with a network port.
